

FL Series Raked Triple Trees and Raked Neck kits

KMS Sportgroup Inc and Hawg Halters Inc. announce the continued expansion of their highly successful Custom Bagger Parts program in 2011. Building a custom raked and lowered bagger has never been easier with the addition of the HHI /KMS Raked Triple Tree and Raked Neck Kits.

Available in two rakes, KMS/HHI are able to offer all our custom builders kits that will allow the use of 18, 21, 23, 26 and even 30 inch wheel combinations that ensure a proper handling and riding custom bike when you are finished.

HHI and KMS Sportgroup Inc. are also now proudly delivering their new Hellrazor Handlebars for Baggers in Black or Chrome.

In addition HHI/ KMS is also now shipping their new custom billet lower leg kits for baggers which feature a unique multi position fender mounting bracket, and include a hidden axle kit, contoured axle spacers and come in Chrome or Black, in single or dual disc configuration, with a choice of either a Bomber or Torpedo end cap. When you build a custom bagger, remember to ask for the best, HHI/KMS Sportgroup Inc, the parts of tomorrow now available today!.
