

KMS Sportgroup Inc. & Evil Engineering LLC

The Evil Engineering Magnetic Oil Filter

The latest in filtration technology. KMS Sportgroup Inc. and Evil Engineering introduce a new magnetic filter that is adaptable to any Harley Davidson® oil system. It can be installed before or after the stock filter. The KMS Sportgroup Inc. / Evil magnetic filter provides maximum filtration performance with minimal flow restriction and delivers 100% oil filtration down to 1 micron at all times. The filtration element is specially designed to eliminate the potential for wash off. Just clean and reuse with every oil change. Available now from KMS Sportgroup Inc.

Part Number : KMS/ EV # 4040117
