FOR IMMEDIATE RELEASE
9 AM PST, Sept. 06th, 2006

LYNDALL RACING BRAKES AND KMS SPORTGROUP INC. STOP THE BEST!

KMS Sportgroup Inc./Lyndall Racing Brakes are proud to announce the addition of the **Apex Composite Brake Rotor** to the growing line of specialty brake products now available in Canada.

Constructed with space age technology this innovative and stunning new 11.5 brake rotor from Lyndall Racing Brakes & KMS Sportgroup Inc. redefines performance braking for the V-Twin Industry in Canada and the United States.

Weighing in at only 1.5 to 2 lbs. these are the lightest and most aggressive brake rotors currently available in North America, and promise to offer a stunning upgrade to any V-Twin owner with an 11.5 brake rotor configuration.

~ MORE ~

The Apex Brake rotor comes in two color combinations of either natural or black, with center sections in natural, black or chrome. With each rotor combination you have the opportunity to highlight the rotor by selecting from several colors, the exclusively designed LRB true floating buttons.

Lyndall Racing Brakes have consistently proven their leading edge technology with both the exciting Z Pad, and Gold Pad, brake materials and now their new Apex Composite Brake Rotors.

Used by many of the premier builders in North America, these brake parts deliver outstanding performance, and should be in your shops brake program.

KMS Sportgroup Inc. is proud to distribute these exciting products to the Canadian motorcycle industry, and welcomes your inquiry to join the expanding LRB Canadian Dealer network.

If it isn't an LRB Brake pad, then you aren't using the best in Canada. Ask for them by name, Lyndall Racing Brakes from KMS Sportgroup Inc.

Delivering the Parts of Tomorrow, Today!
